Entered time: 05/04/2018 15:02

Remarks: FCU ATTENDANCE

Narrative:

Forensic Crash Unit attended this incident at the request of the Reporting Officer.

On arrival at the scene the carriageway was wet due to scattered light showers. The carriageway was sealed bitumen in good condition with no defects potholes or foreign substances found that could have contributed to the cause of this incident.

Marine Parade Southport is orientated generally north-south and is the main arterial road between Labrador and Surfers Paradise.

There are two marked northbound lanes separated by single white broken lines and two southbound lanes

also marked by single broken white lines. The north and southbound lanes are separated by a raised concrete traffic island.

There is a set of traffic control lights at the intersection with Nerang Street. These lights are for pedestrians to cross Marine Parade for access to the Broadwater Parklands, situated on the eastern side of Marine Parade. The area is well lit by a system of artificial street lights.

At the time of this incident the northbound lanes were closed due to Commonwealth Games events.
