 Entry: Email sent to Fingerprint section/ Sch4p4(6) regarding statement for fingerprint ID after phone call received from Sch4p4(6). Good afternoon, A task was sent through on the 17/05/2018 for an urgent statement for a fingerprint identification, the task was sent back on the 19/05 asking for further information. The statement is needed for PCSC Ben TOHLHURST of Brisbane CIB and is under a magistrates direction to have this by the 16/07/18. The fingerprint identification report in QPrime was entered by you on the 16/11/2017. Just wondering if it was at all possible for a quick statement to be completed so that CIB can submit this to the magistrate well before disclosure date? Thank you Alanah

TUW Task Force MAXIMA officers Ben PEARDON, Sch4p4(6) in relation to a drug offence matter.

Sch4p4(6) indicated a detached double garage shed structure on the property. Inside the shed was a work bench set up to the left rear with what appeared to be a pill press on the ground. Surrounding the pill press and in other areas of the shed nearby were tubs and bottles of what appeared to be chemicals and powders.

There was also a heat sealer and heat seal plastic rolls on the top of the work bench. There was also a bicycle, gas bottles, lawn mower, blower vac, tumble dryer and other electrical items and tools within the shed.

I also observed a Silver Harley Davidson motorcycle registration Sch4p4(6) and a SeaDoo Personal Water Craft (PWC) registration Sch4p4(6) on a single PWC trailer bearing registration Sch4p4(6).

Capture a series of digital images of the shed and its contents whilst awaiting ILIT members to attend the scene.

Narrative:

On 30/01/2018, Department of Health Forensic Scientific Services provided the following information. Forensic Register Number FR Sch4p4 refers. Examination of Forensic Exhibit:

Forensic Barcode: 711137164 Property Tag: P1700498693 Description: Trace DNA Kit (A) - Fabric Location: Inside lining of red rubber gloves on kitchen bench Result : 3436756 711137164 2 PERSON MIX PROFILE - SUPPORT FOR CONTRIB > 100 BILLION. Evidence Sample.

This item/sample provided a DNA profile that indicated the presence of DNA from two contributors. Some or all of the components of the DNA profile from barcode 902868221 a DNA sample obtained from Sch4p4(6) CNI No. 401209972 are represented within this mixed DNA profile. This DNA profile is greater than 100 billion times more likely to have occurred if barcode 902868221 a DNA sample obtained from Sch4p4(6) CNI No. 401209972 has contributed to this DNA profile, rather than two unknown, unrelated individuals.
