UNIT 3 VERSION:

I XXXX state on Saturday the 5th June 2021 around 5.30pm I was driving a Mazda 3 registration XXX on Linkfield Road, Bald Hills. Sch4p4(6)

I approached some traffic that had come to a full stop at a set of lights. I saw the traffic light was red. I recall about four or five vehicles were stationary in front of my car. I came to a full stop and I would have been stationary for about 30 seconds. I heard a loud noise behind me that sounded like heavy braking. I then heard a loud bang which sounded like two vehicles colliding. I felt an impact that jolted me forward in my seat. I quickly applied the brakes which caused me not to hit the vehicle in front as I left enough space between us. Sch4p4(6)
