**Right to Information Request 42321****Infringement Notices Issued for Mobile Speed Camera Site at 'Exhibition Rd, Southside'****2017 to 2022 Calendar Years**

Mobile speed camera technology is deployed 'anywhere, anytime' at approved sites to maximise the deterrence of speeding behaviour across the road network, and is an important road safety countermeasure that has a substantial impact on road trauma in Queensland. Motorists should always drive within the speed limit so that we can all arrive safely at our destinations.

Approved mobile speed camera sites are determined using traffic crash data, verified high risk speeding behaviour at the location and/or high-risk areas such as roadworks and school zones. Representatives from the Queensland Police Service, Department of Transport and Main Roads, local councils and other relevant parties (e.g. RACQ) may be consulted regarding placement of mobile speed camera sites. To ensure their continued suitability, local Highway Patrol units periodically review mobile speed camera sites.

The following table presents the number of camera-detected infringement notices issued at 'Exhibition Rd, Southside'. Data for 2017 and 2018 calendar years are not available, as no sites existed along this stretch of road prior to early 2019.

Location	Speed Notices Issued			
	2019	2020	2021	2022
Exhibition Rd, Southside	584	547	525	303
