Subject: How to use Clearview

Hi CTPI [REDACTED],

You should have a setup email in your inbox shortly. It only takes one minute to install and start searching.

Here are three important tips for using Clearview:

- 1. Search a lot.** Your Clearview account has **unlimited** searches. Don't stop at one search. See if you can reach 100 searches. It's a numbers game. Our database is always expanding and you never know when a photo will turn up a lead. Take a selfie with Clearview or search a celebrity to see how powerful the technology can be.
- 2. Refer your colleagues.** The more people that search, the more successes. We want to make this advanced technology available to as many investigators as possible. If you think your colleagues might want to try Clearview out for themselves, just send their names and e-mail addresses to help@clearview.ai and we'll sign them all up too.
- 3. Get Clearview for the long haul.** If you like Clearview at the end of your trial period and it's helping you solve cases, put us in touch with the appropriate person at your organization who can proceed with procurement.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact help@clearview.ai

Finally, please note the disclaimer at the bottom.

Best regards,

— Team Clearview

Hi CTPI [REDACTED],

Have you tried taking a selfie with Clearview yet? See what comes up! It's the best way to quickly see the power of Clearview in real time. Try your friends or family. Or a celebrity like Joe Montana or George Clooney.

Your Clearview account has **unlimited** searches. So feel free to run wild with your searches. Test Clearview to the limit and see what it can do. The photos you search with Clearview are **always** private and **never** stored in our proprietary database, which is totally separate from the photos you search.

You can get Clearview on your iPhone or Android cell phone by clicking "Get Mobile App" on the left-hand side of the screen when you're logged in to Clearview on desktop.

To log in to Clearview on desktop just click the button below:

You can also upload a photo of yourself to Clearview on your desktop computer.

Subject: Can you get to 100 searches with Clearview?

Hi CTPI [REDACTED],

Your Clearview account has **unlimited** searches. Don't stop at one search. Or ten. **Try to reach 100 searches with Clearview.**

Investigators who do 100+ Clearview searches have the best chances of **successfully solving crimes** with Clearview in our experience. It's the best way to thoroughly test the technology. You never know when a search will turn up a match. It only takes 1-5 seconds to find out with Clearview, unlike other facial identification systems.

The more searches, the more matches. It's a numbers game. The investigators who search the most are the investigators who solve the most cases. Our proprietary database is the biggest in the world and gets bigger every day. Every new day means more potential results from Clearview.

Feel free to reach out to if you have any questions, comments, or feedback. Just reply to this e-mail or contact help@clearview.ai

It's been a while since you used Clearview and there are **A TON** of new features that we bet (and we don't use that term lightly) you don't know about.

Don't worry, we're not some clunky, hard-to-use software that ends up giving you zero results. **We return accurate, high value, bias-free results in seconds.**

We're here to help you identify those **without a prior arrest record, without an online presence, without a DMV record**, or others that would often go unidentified.

So you've tried us in the past... but it didn't "stick". **Give us another shot and see what's changed!**

Join Roger Rodriguez, VP of Public Safety and Former NYPD Detective as he walks you through the product and shows you what **more faces, higher accuracy, new enhancement tools and more** means for your investigations, your victims, and your communities!

Don't miss it - register today.
